SUMMARY

Results-driven IT professional with hands-on experience in full-stack web development (MERN), Python programming, database management (MySQL, MongoDB), and data analytics (Power BI). Skilled in building scalable applications, REST APIs, and automation tools, with a strong foundation in problem-solving and collaborative development to deliver efficient business solutions.

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python	Data Analytics & Visualization: Power BI (Dashboards, DAX, Data Modeling), Excel
Web Development: MERN Stack (MongoDB, Express.js, React, Node.js)	Tools & Platforms: WordPress, GitHub, Visual Studio Code
Databases: MySQL, MongoDB	AI Tools: ChatGPT, Vercel, Blackbox AI

PROJECTS

Plant Selling Website (MERN Stack) - Built a full-stack e-commerce application using MongoDB, Express.js, React, Node.js - Implemented authentication, product management, and shopping cart features - Designed RESTful APIs for frontend-backend integration - Created a responsive and user-friendly interface	Aug 2025
Voice Assistant using Python - Developed a desktop voice assistant in Python capable of executing voice-based commands - Integrated speech recognition (SpeechRecognition) and text-to-speech (pyttsx3) libraries for real-time interaction - Implemented features such as web search, opening applications, playing music, and answering general queries - Used APIs for weather updates and Wikipedia search to enhance assistant functionality	Mar 2025

EDUCATION

Kadi Sarva Vishwavidyalaya Master of Computer Application CPI: 8.08	Jul 2025 - Present Gandhinagar, Gujarat
Kadi Sarva Vishwavidyalaya Bachelor of Computer Application CPI: 7.83	Jul 2022 - Mar 2025 Gandhinagar, Gujarat

CERTIFICATION

Advanced Python Programming - Gained knowledge of core Python concepts, OOP, and real-world application development	Dec 2025
GitHub Version Control - Learned version control, repository management, and collaborative development workflows	Nov 2025
WordPress Development - Acquired skills in building and customizing websites using WordPress and plugins	Jan 2026

HACKATHON

Odoo x KSV Hackathon - Showcased teamwork, problem-solving, and project development skills - Developed a vendor bridge platform using the MERN stack, enabling seamless vendor management and integration	June 2026
--	------------------

KEY STRENGTHS

Problem Solving: Analytical approach to debugging and optimizing code	Team Collaboration: Experience working in hackathon and academic team projects
Adaptability: Quick to learn new tools, frameworks, and technologies	Communication: Clear documentation and presentation of technical work
